Our Technology

We certify and provide legal security to the entire workflow, not just parts of it. We are not a videoconference provider, we are provider of legal security for complete remote procedures providing a new channel of presence.

Integrity Guarantee:
SSL protocol in all communications through the platform(encrypted)

Content Certification:
Immutable time-stamped electronic evidence stored in blockchain - certifying electronic voting processes, video and audio

Verified delivery:
Real-time tracking of shipment and delivery status all electronic notifications

Custody:
File and legal custody for a standard duration of 5 years of all of the content and evidences generated during the process

Privacy Guarantee

We care about privacy, offering the maximum guarantees to the users of its platform, complying with:

- ✓ Regulation (EU) 2016/679 of the European Parliament and of the Council of April 27, 2016 regarding the protection of natural persons with regard to the processing of personal data and the free circulation of these data (RGPD)
- ✓ Organic Law on Data Protection and Guarantee of Digital Rights 3/2018, of December 5, 2018 (LOPDG-DD)
- ✓ Directive 2000/31 / CE, of the European Parliament and of the Council, of June 8, relative to certain aspects of the Information Society Services, in particular, Electronic Commerce in the internal market
- ✓ Law 34/2002 on Information Society Services and Electronic Commerce
- ✓ Future e-privacy Regulation

Attendee Authentication

- ✓ **OTP in Two factor authentication**
- ✓ **Digital Certificates**
- ✓ **eID**
- ✓ **Facial Recognition**

- ✓ We have a specialized consulting firm with extensive experience in the matter as the Group's Data Protection Delegate (DPO) - PymeLegal, S.L.
- ✓ PymeLegal, S.L. advises large public and private corporations.
- ✓ Periodic compliance audits are carried out both of the platform and of the internal processes and protocols of the company.
